The interior of the temporary location in the Scarborough building was bedecked with handsome bouquets from friends of the institution in the Lake Region and East Coast towns. Music for the occasion was furnished by George W. Hulme of Lake Worth and Mrs. John Patton and daughter, Mary Ruth, who rendered several piano and saxophone numbers.

On Wednesday afternoon, before the bank opened on Tuesday morning, following approval of the city council, H. J. Bratley presented officers of the new bank with a

## Will Give Clothing Instead Of Food

The Gertrude Shirley circle of WSCS of the Pahoee Methodist church voted Monday night to fill

a basket with clothing and present it to an elderly woman of the community instead of giving baskets of food for Thanksgiving. The meeting was at the home of Mrs. George Belk with Mrs. D. D. Caudill presiding.

Members of the circle voted to

send a message to Mrs. B. Elliott, member of the circle, who is in the hospital in West Palm Beach. Mrs. L. L. Shirley was in charge of the mission study. Mrs. Sue Rozelle was welcomed as a transfer member from the Margery Lair circle.

All members were asked to bring a gift to the Christmas meeting with Mrs. Virginia Cate, Dec. 15, which are to be sold with the proceeds going to the circle treasury.

Usina, president of the Florida National Bank and Trust Company of Miami and president of the new Florida National Bank of Belle Glade, at the Clewiston Inn.

They were brought to the Pahokee hospital by Arnold Hudson where Mr. Jones received first aid and was discharged. Mr. Haney remained in the hospital as he suffered lacerations about the head and was knocked unconscious by the impact of the accident.

### Clewiston May Be Defense Area

A representative from the Defense Housing Coordinator's office in Washington is scheduled to be in Clewiston today or tomorrow to investigate housing conditions which may lead to the declaration of this as a defense housing area. It may be several days after his visit before anything definite is known as his findings will have to be reported to and acted upon by the Washington office.

Establishment of a defense housing area here would mean that high priorities would be given for dwelling houses, apartments, etc., to a value up to \$6,000. Materials for construction would be made available and a number of homes would likely be started within a very short time. Substantial interests are already working and prepared to engage in extensive housing construction to meet the acute demand here if ample supply of materials is assured.

The expansion program planned by the United States Sugar Corp.

ration will make it imperative that new homes for extra workers be provided and the construction of the new sweet potato starch plant, plans for which are now being drawn up, will likely be started soon after the first of the year. While priorities are given for the erection of this plant to furnish a vital defense product the housing situation was not taken into consideration—Clewiston News.

### Looks Like We'll Have Auto Tags

TALLAHASSEE, Nov. 17.—Priority clearance for steel to finish manufacture of Florida's 1942 automobile licenses was announced Monday by Henry J. Driggers, motor vehicle commissioner. Priority was obtained for a 25-ton carload, the last of six such shipments required for making the plates. The new tags will be placed on sale Dec. 1. Driggers said every county would have ample supplies by that date. The tags are sold by county tax collectors.

### Lee County Draft Board On "Strike"

FORT MYERS, Nov. 20.—Press agent Roosevelt has been informed by the three-member Lee county selective service board here that, "as long as John L. Lewis dictates the labor policy of the United States government" the board will refuse to sign induction papers for army draftees.

Guy M. Strayhorn, W. B. Seabrook, and James Miller signed the telegram which the board sent the president Tuesday night. The telegram read: "We, the undersigned, do not feel that we can conscientiously sign induction papers for any more trainees as long as John L. Lewis dictates the labor policy of the United States government and deprives these \$214-month soldiers of the full benefits of industrial production in their preparation to wipe out the scourge across the sea."

Strayhorn, chairman of the board and Lee county representative in the Florida legislature, said that in the way we feel about the labor situation," Seabrook added: "We're striking."

The board's decision, Miller explained, would not affect the 13 Lee county men scheduled to be inducted into the army Nov. 23, since their papers already have been signed.

### Food Survey Is Gratifying

WEST PALM BEACH, Nov. 20.—Despite the fact that farmers now are at their busiest season, M. U. Mount, county agriculture agent, said Tuesday the response to the survey being conducted to ascertain the foodstuffs to be grown for the 1942 market was "most gratifying."

Mount said approximately 50 per cent of the growers had been seen and about 75 per cent of the acreage has been accounted for. No figures will be available until after Dec. 1, he said. Indications are that planting will be as great if not greater than last year, he predicted. The survey is being conducted at the request of the U. S. Department of Agriculture in an effort to learn what foodstuffs would be available for shipment to England and allied countries next year.

Time Out For Romance — Even hard riding, straight shooting hands of the old West took time out for the girls, as Wayne Morris and Dennis Morgan prove to pretty Jane Wyman in "Bad Men of Missouri," which will be shown Wednesday and Thursday, November 26 and 27 at the Prime Theatre in Pahokee, and at the Everglades Theatre in Belle Glade on Friday, November 28.

They are, without any equivocation about it, among the best-looking pair of legs in Hollywood. It's a mystery how they have escaped public acclaim for so long. Or perhaps it isn't a mystery. They simply haven't been featured because never before has Miss Davis deliberately played the part of a girl whose chief feature would be a pair of pretty legs. The picture, "The Bride Came C.O.D." will be shown in Pahokee at the Prime Theatre Sunday and Monday, November 23 and 24, and at the Everglades Theatre in Belle Glade on Tuesday, November 25.

### Warden Chapman Praised By Mayo

OCALA, Nov. 20. (FNS).—Following a talk by Francis Brierley, chairman of the new Florida parole commission to newsmen Chapman, warden here last week, Hon. Nathan Mayo, commissioner of agriculture, paid high tribute to Warden Chapman of Raiford, terming him one of the best, if not the best, in the country today. Mayo pointed out two serious weaknesses in our present handling of prisoners: one the lack of a woman's prison and the other the lack of a suitable separate prison for first offenders. He advocated the establishment of such institutions, contending that it was wrong to place first offenders with hardened criminals, particularly young men. He praised the new parole commission and stated that improvement of our prison system along the lines suggested would materially assist the commission in its work and would serve the interests of both prisoners and society as well.

The council also has voted to purchase a narrow tract located between Lake Park subdivision and Belle Glade road from Second to Third streets for \$250. The property, which includes a part of the dead-end canal, was purchased principally to prevent construction of undesirable buildings. It will be used, however, for street purposes.

R. S. Douthitt was named in charge of the city gasoline tank and W. P. Walker, city clerk, was instructed to rotate orders for gasoline among community distributors.
